## 26<sup>th</sup> August 2023: Gender Equality Day

**Gender** is the state of equal ease of access to the resources and opportunities regardless of sex. Though India has achieved a great success in every field of life still it has a issue of gender discrimination. To create awareness on this issue Women's Equality Day was celebrated on **26<sup>th</sup> August 2019**. On this occasion a special lecture of Dr. Kanak Gillurkar, Mental Health Professional, Nagpur was organized by the Co-curricular and Cultural committee of the college. The topic for the lecture was "Womanhood: Career and Stress". Dr. Kanak explained the concept of Gender and its current status in society. She talked about the so called defined roles of gender. She talked about the prejudiced mindset of people which is an obstacle in the journey of career for a woman. She explained that woman can experience a range of physical, emotional and mental symptoms due to various internal and external factors. Dr. Kanak explained how to manage the stress by doing few things. She asked to talk with close friends, schedule the time for our self. She also told about the status of rights given by the constitution to all the citizens irrespective of sex, cast, creed etc. She also focused on some laws specially made for women which protects their rights.
