Subject: Formation of Academic Calendar Committee

Madam,

Apropos to the above cited subject in purview of UGC guidelines I hereby direct you to form a fresh Academic Calendar Committee of the college.

The academic calendar committee plays very significant role to prepare the academic plan of the college for every year. In our college, this committee works under the guidance IQAC and Principal. The Committee collects the plan from each and every Academic and Co-curricular committee. After receiving plan of each and every committee, the academic calendar committee prepares the whole plan for the next academic year. IQAC in consultation of academic calendar committee monitors and controls the activity which carries through out the year.

The academic committee is responsible for imbibing the best practices to provide an improved academic system for the present and future students. Academic calendar helps all the staff members to refer the time table and workload distribution. Staff members are also advised to strictly adhere to academic calendar for completion of syllabus in time. Academic calendar also should high light schedule of the college as well as of university examination. Each staff has to follow the rules and regulation of the college for smooth functioning of the college academic and administrative work. It was advised to follow the schedule given in academic calendar for all curricular and extracurricular activities. The committee is also accountable for including the schedule for practices, such as organization of academic award functions to honour teacher's and students for academic excellence during Teacher's day celebration and Best Teacher in Environmental Science, cultural events during Annual Day Function i.e. social gathering as well.

. The committee should conduct the meeting of academic calendar committee twice in an academic session. Also it should collect proposals and plans of various activities from each conveners of academic and co-curricular committee and should make the whole academic calendar of the college for each academic year while keeping into consideration the University Academic Calendar. The proposed academic calendar for the next academic session should also be prepared and submitted before the end of the previous academic session. The college Academic Calendar should be widely publicized to teaching staff, non-teaching staff and students by uploading in the college website.
