

MEMORANDUM OF UNDERSTANDING FOR CLUSTER COLLEGE

Between

Sevadal Education Society Nagpur

Sevadal Mahila Mahavidyalaya, Nagpur, Maharashtra

and

Dnyandeep Shikshan Prasarak Mandal, Chandrapur's

Dr. Khatri Mahavidyalaya, Tukum, Chandrapur, Maharashtra

and

Jagdambha Bahuudeshiya Gramin Vikas Sanstha, Yavatmal

**Jagdambha College of Engineering and Technology, Yavatmal,
Maharashtra**

TO

PROMOTE AND ENHANCE ACADEMIC CO-OPERATION IN FACULTY DEVELOPMENT, EDUCATION AND RESEARCH

The objective of this memorandum of understanding is to facilitate beneficial activities which serve to enhance the intellectual life of the students and faculties of the institutions involved in this memorandum. Thus Dr. Khatri Mahavidyalaya, Tukum Chandrapur, Maharashtra, India (here in party one), Sevadal Mahila Mahavidyalaya, Nagpur, Maharashtra India (herein party Two) and Jagdambha College of Engineering and Technology, Yavatmal, Maharashtra, India (herein Party three) have agreed in support of their mutual interests in the field of education, Faculty development and research and in accordance with terms and conditions set forth in this memorandum of Understanding.

A) All the three parties involved in this MoU are agree:

1. To exchange information on research and educational programmes.
2. To jointly organize short term continuing education programmes on topics of mutual interests.
3. To jointly organize Workshops, Conferences, Seminars and Symposiums on topics of mutual interest and to invite each other's faculty and students to participate in.
4. To provide necessary help in organizing Workshops, Conferences for enhancement of skills in respect of teaching, non-teaching staff and students.
5. To promote programmes undertaken and shall be advertised through respective websites of the parties.
6. To cooperate and facilitate effective utilization of the intellectual capabilities of the faculties.
7. To extend the necessary support to deliver guest lecture or seminars to the students and staff.
8. That, this memorandum is for the benefit of the parties and is not intended to benefit or be enforceable by anyone else.

B) Tenure and Termination

1. This agreement will take effect from the date of its signing.

Principal
Sevadal Mahila Mahavidyalaya
Umrer Road, Nagpur-9.

2. This MoU will remain valid for five years and will be extended further. However, it will be subject to review whenever all the three parties feel necessary.
3. In the event of any dispute between the parties relating to this agreement, its interpretation or performance here under, the parties shall exert their best efforts to resolve the dispute amicably through negotiations.
4. Either parties may terminate the MoU by giving written notice prior to three months or this agreement will be terminated upon mutual consent of the parties.

C) Confidentiality

1. Each party undertakes that it will not at any time use, divulge or communicate to any person, any confidential information concerning the affairs, intellectual property of the other party which may have come to the knowledge as a result of entering this memorandum and each of the parties shall use its reasonable endeavors to prevent the publication or disclosure of any confidential information concerning such matters.
2. All the three parties agree to hold in confidence all information or data as being confidential and will not be disclosed to others without written consent of each other.

D) Compliance with rules and regulations

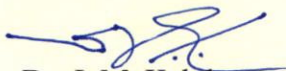

1. The parties specifically intended to comply with all rules and regulations as they may be amended from time to time. If any part of this agreement is determined to violet rules and regulations of University, Maharashtra State or UGC, the parties agree to negotiate in good faith revisions to any such provisions.
2. If the parties fail to agree within a reasonable time, either party may terminate this agreement upon (03) three months prior written notice to the other party.

This memorandum of Understanding is signed between Dr. J. M. Kakde, Officiating Principal, Dr. Khatri Mahavidyalaya, Tukum, Chandrapur, Dr. Pravin Charde, Principal, Sevadal Mahila Mahavidyalaya, Nagpur, and Dr. Hemant Baradkar, Principal, Jagdambha College of Engineering and Technology, Yavatmal.

Objectives of the Webinar

- To provide a platform for an open discussion on “Climate change and Public Health.”
- To have discussion about the role of Professors, Scientists, Researchers and Post Graduate students.
- To throw light on the topic “Climate change and Public Health.” by an International and national experts.

Introduction: Many international bodies involved in tackling climate change and its effects on public health. The specific objective of organizing the International Webinar on “Climate Change and Public Health” is to spread awareness amongst all segments of the society. This webinar was organized by Department of Biology and Environmental Science, Sevadal Mahila Mahavidyalaya, Nagpur and Dr Khatri Mahavidyalaya, Tukum, Chandrapur in association with Jagdamba College of Engineering and Technology, Yavatmal and V.M.S. Research Foundation, Nagpur on 24th & 25th July 2021. In this webinar 779 participants from RTM Nagpur University, Nagpur, 159 participants from Gondwana University, Gadchiroli, 44 participants from Sant Gadgebaba Amravati University, Amravati and 439 participants from other university.

Sub Themes of the Webinar:

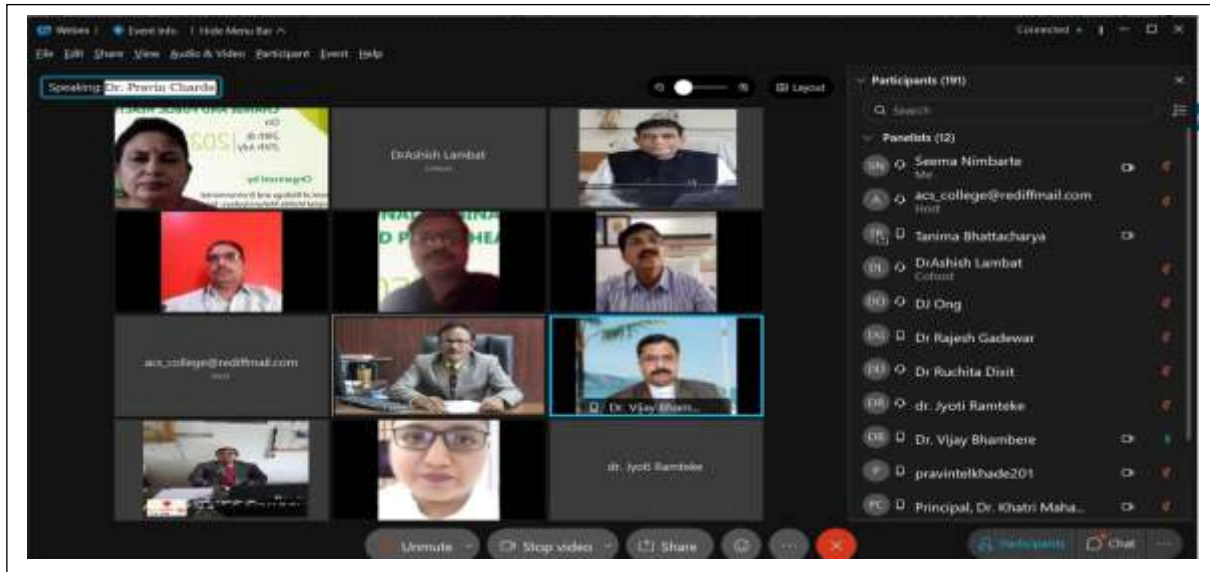

- Coronavirus (COVID-19)
- Depression.
- Emerging and Re-Emerging Infectious Diseases.
- Antibiotic Resistance.
- Exercise and Sports Medicine.
- Climate Change and Diseases
- Urban Governance and Public Health Systems.
- Health Systems and the Burden of Disease.
- Rural Governance and Agriculture.
- Climate Change and Agriculture.
- Climate Change and Urban Health.
- Aerosol and Atmospheric Pollutants.
- Nanoparticle and Nanotechnology.
- Sustainable Research and Climate Change.
- Health System and Technology.

Webex

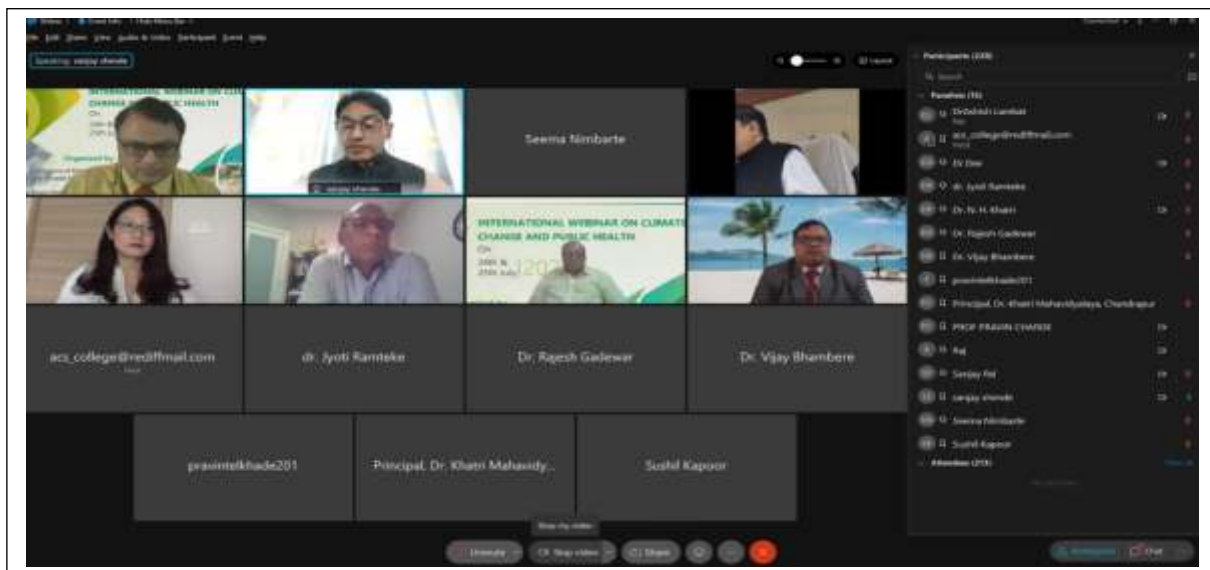

Inaugural Function (Day-1)

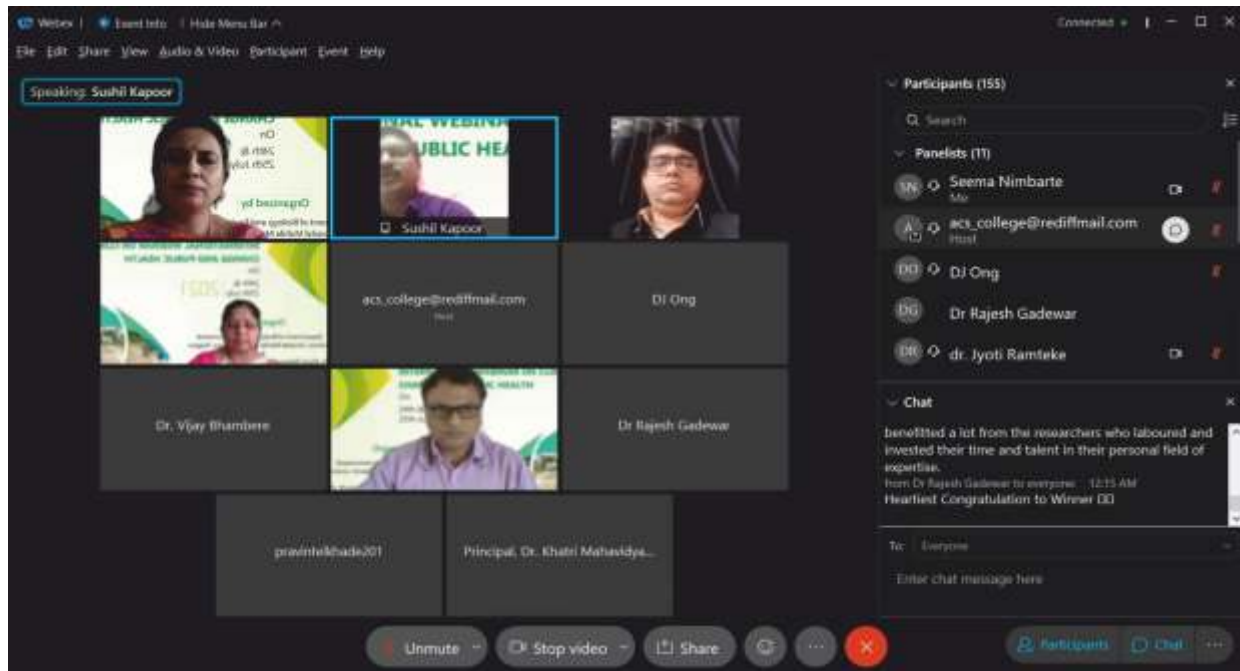

On the onset of inaugural function Mrs.S.R.Nimbarte welcomed the guests and participants. Dr.S.L.Pal, convener of the webinar foregrounds the theme of two days international webinar on “Climate Change and Public Health.”

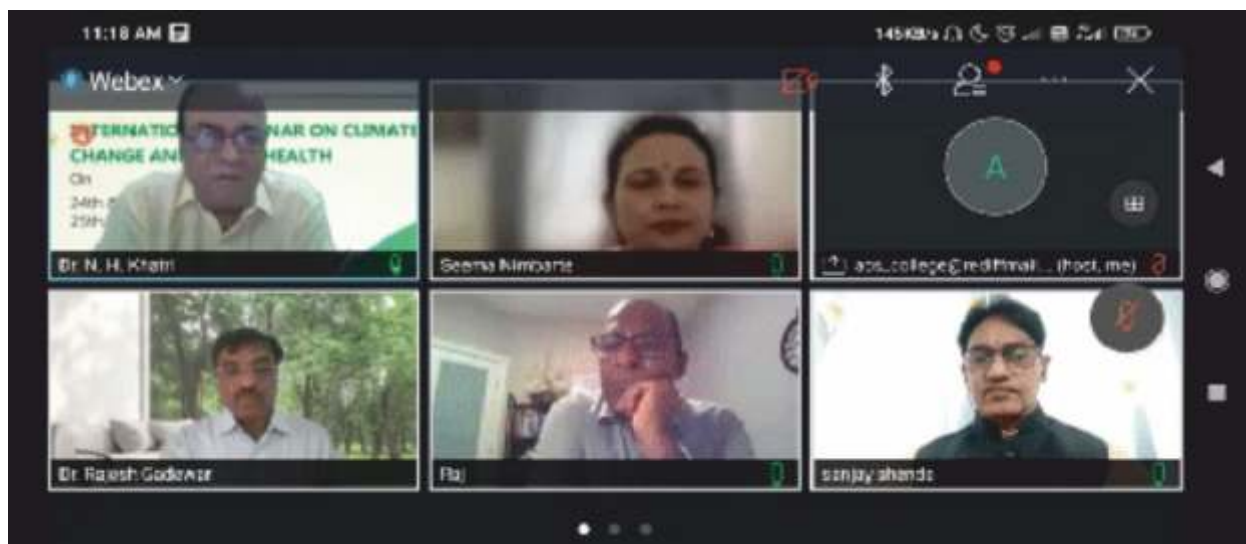

Hon’ble Prof. P.N.Charde, Principal Sevadal Mahila Mahavidyalaya, Nagpur presided over the function. Dr.J.M.Kakde, Principal Dr Khatri Mv., Tukum, Chandrapur and DrH.M.Baradkar, Principal, Jagdamba College of Engineering and Technology, Yavatmal address the guests and participants.

Dr.S.B.Rewatkar, Dean (Science and Technology) Gondwana University, Ganchiroli was the chief guest of the function. Mrs.S.R.Nimbarte introduced the guest. Rewatkar Sir enlightened the participants about the impact of climate change on human health. He has given important information published by World Health Organization (WHO) that the effects of climate change will cause approximately 2.5 lakhs additional death per year from heat stress, malnutrition, diarrhea, dengue fever and malaria by 2030 to 2050.

Dr.N.H.Khatri, President, Dyandeep Prasarak Mandal, Chandrapur and Dr. Shital Vatile, Secretary, Jagdambha Bahuudeshiya Gramin Vikas Sanstha, Yavatmal are the Chief Patron of the function. Both appreciated the painstaking efforts taken by the staff of the Sevadal Mahila Mv, Nagpur and Dr. Khatri Mv., Tukum, Chandrapur in organizing the webinar on "Climate Change and Public Health." which is the need of the hour.

Shri Sanjayji Shende, President, Sevadal Education Society, Nagpur in his presidential speech said that the college has always been on the forefront in organizing such webinar which is beneficial for the society. He congratulated the staff of Biology and Environmental Science Department for organizing the webinar on the burning issue of the globe. He has shown keen interest in the webinar.

Mrs.S.R.Nimbarte compered as well as proposed the vote of thanks of the inaugural function.

The inaugural function was immediately followed by the keynote speech. The key note speaker was **DrYuwraj Narnaware, Assistant Professor, Department of Human Health and Science, MacEwan University, Edmonton, Alberta, Canada.**Dr (Mrs) J.S.Ramteke, Organizing secretary of the webinar introduced the speaker.

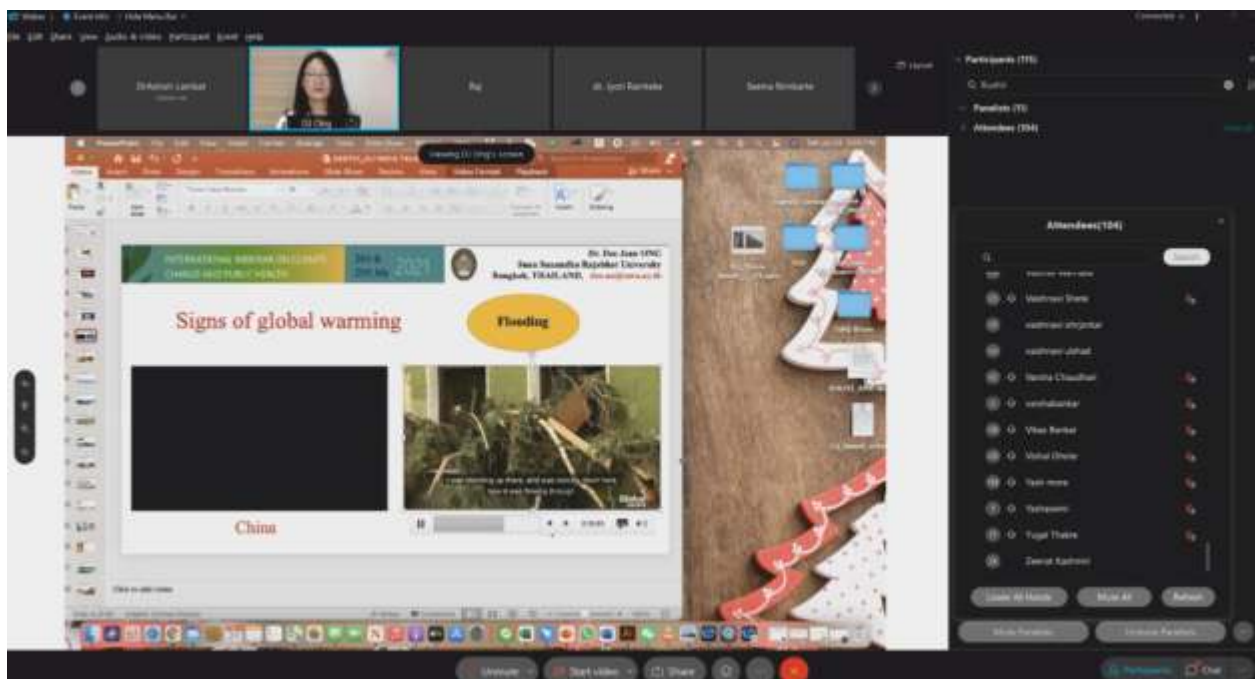

He began his key note address on **“The Impact of Online & In-class Activities on Academic Performance, and Long-term Knowledge Retention of Biosciences in Nursing Students”**.

He emphasized that human anatomy and physiology are cornerstone of any health-related profession. He further suggested that strong knowledge of nursing course is crucial for medical, allied health and nursing students to become successful practitioners after graduation. He said that bioscience knowledge is essential in nursing course. According to him, nursing programmes worldwide are impacted by reduced face to face instructional hours, increased students enrollment, students demographics, fewer dedicated faculty members, minimal or no use of cadaveric dissection and requirement to move anatomy classes and laboratories online due to pandemic such as COVID-19. He further added that above factors have impacted the teaching and learning of bioscience. Narnaware Sir informed that to mitigate the knowledge gap between first year theory and clinical and future years of nursing, the authors will introduce various online and in-class active learning strategies and their effect on the academic performance and long term knowledge retention of these course in nursing students. Lastly he focused, the impact of online and in-class activities on Academic performance and long term knowledge retention of bioscience in nursing students during the present situation of COVID-19 pandemic.

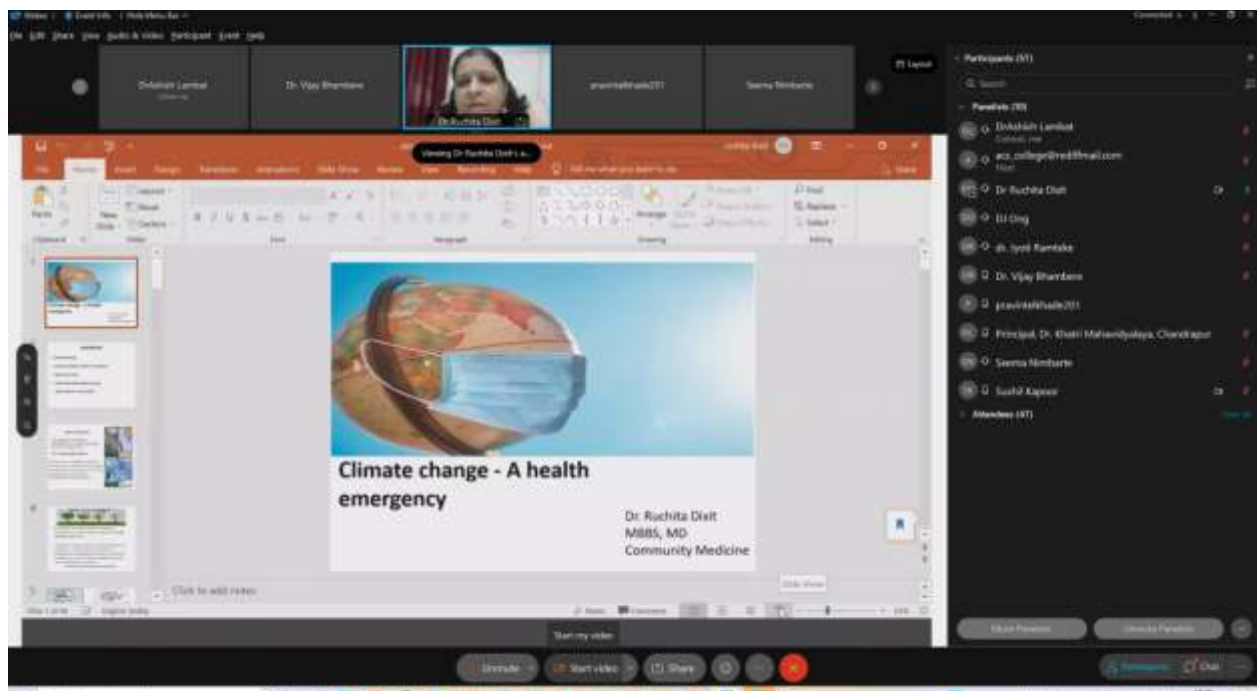

The second speaker of the function was **Dr. ONG DEE JEAN, Lecturer, Suan SunandhaRajabhat University NakhonPathom, Thailand.** She was introduced by Dr. A.P.Lambat, Joint Secretary of the webinar. She spoke on “**Signs of Global Warming: Weather Change and Solutions.**” She explained in detail the impact of climate change on environment and human health. She highlighted that climate change describes a long-term change in the average weather patterns in the local, regional and global climates on Earth. These changes include the rise in the temperature and effects of the Earth’s warming such as: severe storms, rising sea levels, melting ice in the Northpole and flooding. Climate change impacts the human health, causes extreme weather events, food supply and the ecosystem. She suggested that combating climate change requires the lawmakers and the community to work hand in hand. Amongst the solutions to combat severe weather change include using sustainable energy, sustainable forestry, green products and so on. Dr. A.P.Lambat proposed the vote of thanks.

On the same day poster and oral presentation were organized on Telegram Group. Selected papers were presented online through video uploaded on YouTube and URL of which shared on respective telegram group. Total 55 oral & 39 poster were received. Jury thoroughly scrutinized the presentation and finally adjudges the best oral and poster presentation.

(Day-2)

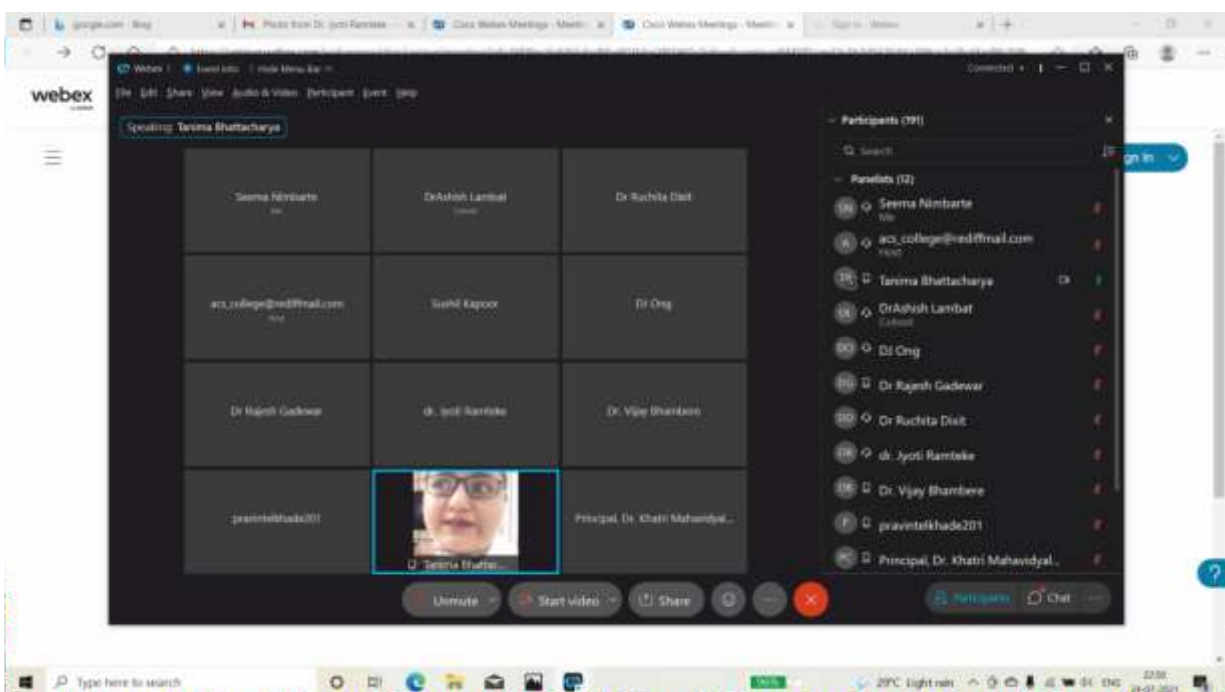

On the second day of the webinar a invited talk of **Dr.Ruchita R Dixit, Faculty at Shri Shankaracharya Institute of Medical Science, Bhilai (Chhatisgarh)** on “**Climate Change: A Healthy Emergency**” was organized. A speaker was introduced by Dr Pravin Telkhede, Associate Professor of Zoology, Dr. Khatri Mv., Tukum, Chandrapur introduced the speaker. Dr.Ruchita Dixit focused on impacts of climate change and presented the latest scenario on climate change which includes direct and indirect impacts. She has emphasized that everyone and everywhere there is risk of climate change. She has given information about Montreal Protocol-1987; Earth Summit: Rio de Janeiro-1992; Kyoto Protocol-1997 and Paris Agreement. All these summits took place in different countries to tackle the factors responsible for climate change. She has also explained about 17 sustainable goals which will help to transform the world. She concluded the lecture by opined that climate change is real and it requires urgent attention by decision makers and the public worldwide. Dr. Pravin Telkhade proposed the vote of thanks.

Dr. Tanima Bhattacharya, Honorary Distinguished Scientist Techno India NJR Institute of Technology, Udaipur, Rajasthan was the second speaker of the last day of the webinar. Dr. Vijay Bhambare introduced the guest speaker. The topic of speaker was **“Transformation of Global Health and Development Post Pandemic”**.

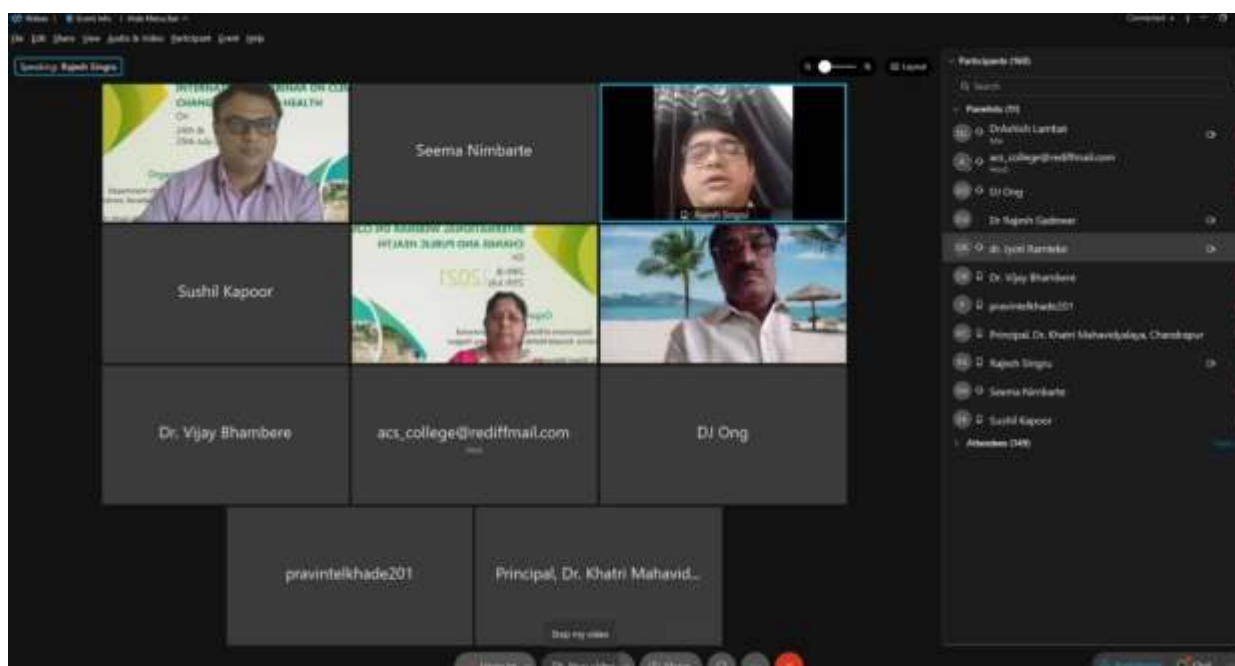

She has given the information that Indian health system has made significant process in global perspective on many indicators but COVID-19 has exposed India's health system fault lines. She has explained in detail the current situation and impact of COVID-19 in India. She has also presented a health system for the 21st century. She provides the information about the global scenario of post pandemic. She has given the complete justification to her topic. Lastly she appreciated the World Banking report 2020 through which she could able to give the proper information regarding the COVID-19 in India and world perspective.

VALEDICTORY FUNCTION

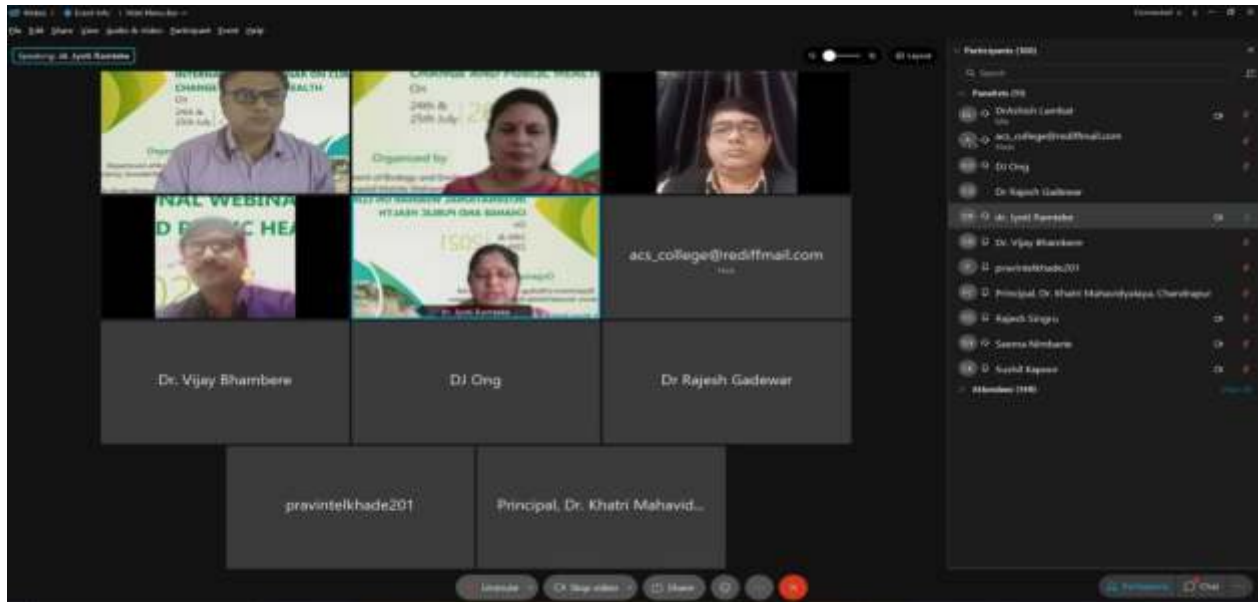

On the last day, Dr. Rajesh Singru, Dean (Science and Technology), RTM, Nagpur University Nagpur was the chief guest for the valedictory function, Dr.(Mrs.) Jyoti Ramteke organizing secretary introduced the guest. On this occasion, he appreciated the staff of Sevadal Mahila Mahavidyalaya, Nagpur and Dr. Khatri Mahavidyalaya Tukum, Chandrapur for their efforts and enthusiasm in organizing the webinar on the current issue“Climate change and Public Health”. He has revealed many facts about the impact of climate change on human health. He emphasized to control the factors which are responsible for the climate change. Lastly,he congratulated the staff of both the college for organizing the webinar successfully.

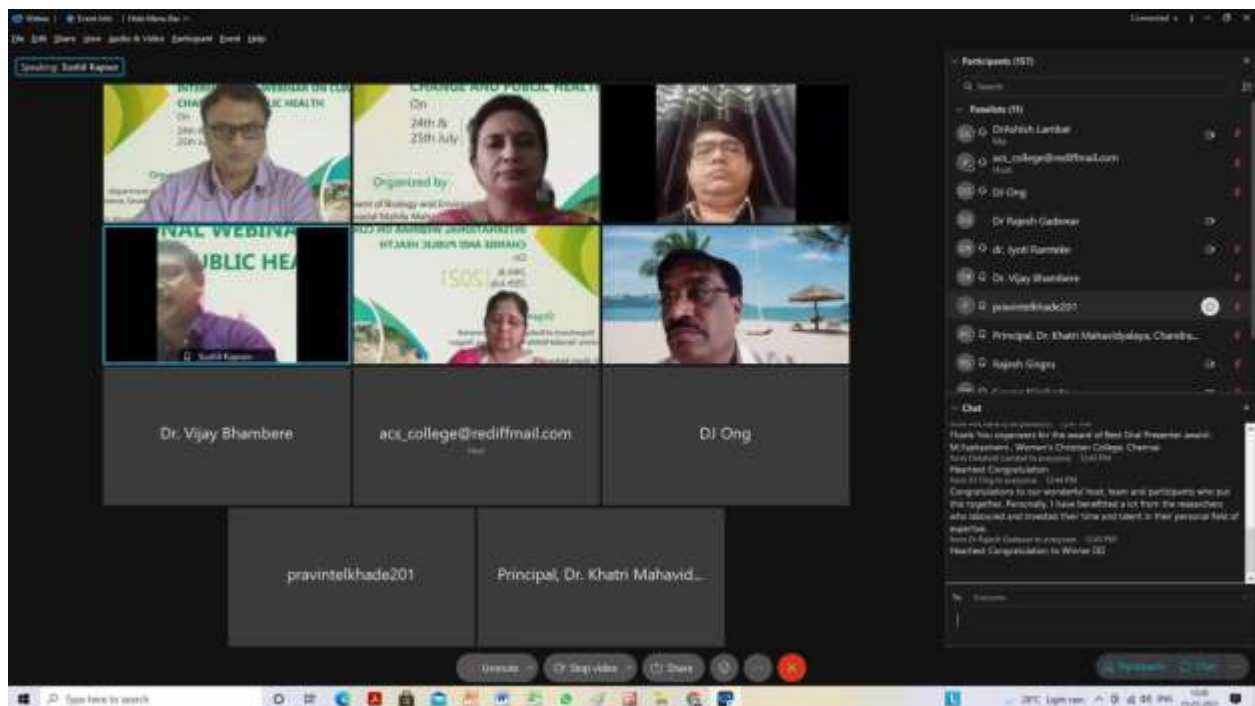

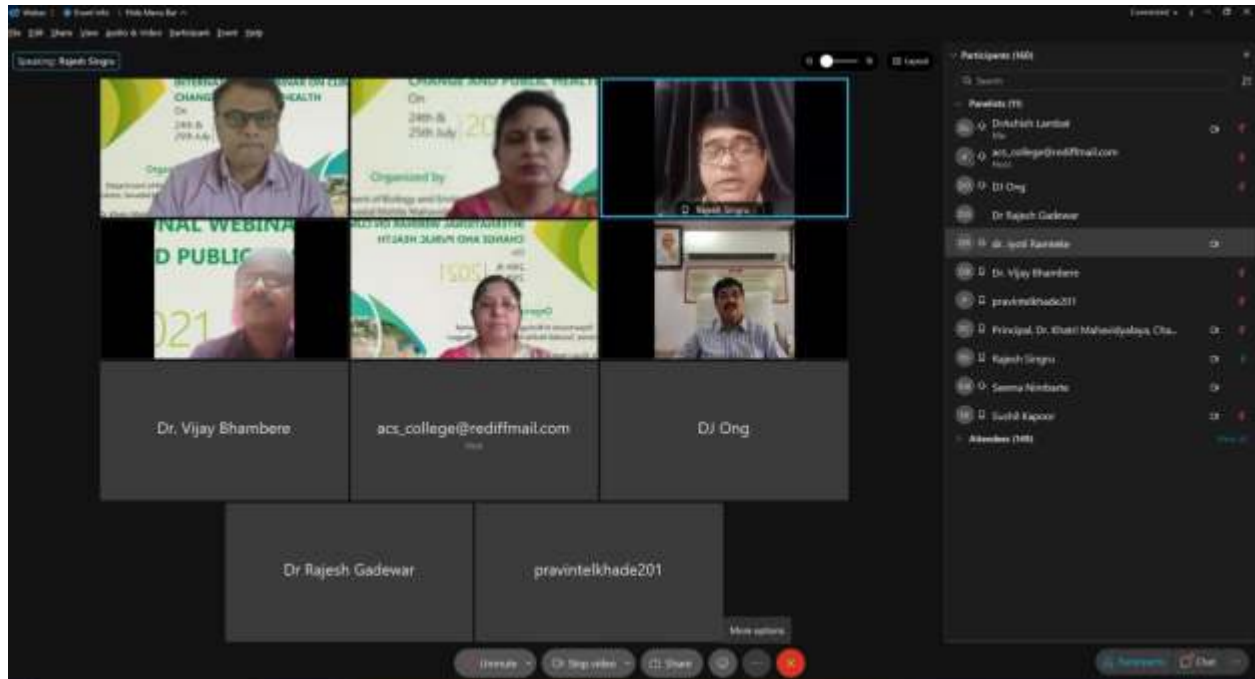

Valedictory function was followed by the award function. Best oral paper presentation award was given to Miss Yashwini M, Research Fallow. Women’s Christain College, Chennai and best poster presentation award was given to Dr. Sangeeta Sharma, Govt. Naveen College, Durg, Chattishgarh. Dr. Vishal Deshmukh and Dr. Yogesh Bhute was adjudged distinguished researcher. At the end of the webinar Dr. (Mrs) J.S.Ramteke proposed vote of thanks.
