BRIEF REPORT OF WORKSHOP:

Department of resource management conducted workshop on 'Prolific Art' in which students paint the tea kettle by using Madhubani Motifs. Forty-eight participants have attended this workshop. Forty-one students of our college from B.Sc. Home Science Semester II & IV participated in this workshop, four students & three teachers from other colleges took part in workshop. The workshop was conducted in association with Pidilite industry. Mrs. Ashwini Sabale, Hobby promoter of the company was invited to guide the students. She explained the importance of creativity in today's fashion world. So tea kettle was selected for painting. The procedure was started with applying white color for the background of the kettle. Then students traced the Madhubani Motifs on a kettle. After tracing Neon colors were applied to complete the designs. The handle was painted in contrast to Neon color. The kettles were dried after 2-3 hours. Then color warmish was applied on the kettle to make it glossy. The workshop started at 11.30 am. and ended by 5.30 pm. Students enjoyed the workshop. Department got the order of the kettle from one restaurant. The colorful kettle is in demand for decoration purposes in star hotels. So we are hopeful to get more orders. The main goal of conducting this workshop was to learn and proceed towards gainful employment on their own. So we are satisfied that we reached toward the goal to some extent.
