IMPORTANCE AND SCOPE OF RESOURCE MANAGEMENT

By

Dr.Mrs. Tulika Khare
(Assistant Professor PGTD, Nagpur)

Organised

By

Department of Resource Management

2024-25

Home science is an interdisciplinary field that integrates science, art and humanity to improve the quality of life for individuals, families and communities. It focuses on the scientific and efficient management of resources to activate a healthy, happy and well organised home environment.

Home science promotes personal and family welfare by teaching skills for better health nutrition and resource management. Equips individuals with decision making and problem solving abilities for daily life challenges. Develops qualities needed for responsible and creative living contributing to personal, family and national development. Prepares both men and women to share responsibilities at home and in society. Fostering gender equality encourages sustainable practices, wise consumer habits and awareness of health and psychological issues in the community.

Resource Management taught individuals efficient use of time, money , energy and materials in daily life. Skills in home organisation, interior decoration and maintenance and much more.

From above we came to know that how the subject resource management of home science is very important so to make aware of, to the students the scope and importance of resource management, The Department of Resource

Management organized a guest lecture in the conference hall (Room No.110)of our college on Friday 21st February 2024 at 11am.

We invited the resource person Dr. Mrs. Tulika Khare (assistant professor from PGTD Nagpur) to deliver the lecture.

First of all we welcomed madam and Mrs.Aboli Mahajan introduced the guest speaker to the students.

Dr.Mrs.Tulika Khare madam explained to the students about courses and subjects to be learned in Resource Management. She explains the importance and scope of resource management in various fields and explains how resource management is essential for developing life skills, fostering healthy families and building strong communities. It's broad scope prepares individuals for various professions and empowers them to contribute meaningfully to society.

She told them regarding job opportunities in this field. She gave examples of various students who placed on higher positions by choosing this subject. She Satisfied the students by giving appropriate answers to the students questions. Students actively took part in this lecture.
